Electric connection	220V-240V
Connection load (W)	Cook 1610W
Size (cm)	36.0 x 42.6 x 38.3
Weight (kg)	8.6

* incl. handles

JFM-390P/570P THERMAL HEATING

Unique Stackable Design for efficient storage handling.

Excellent Thermal Insulation. High performance insulating materials in holder structure (*rigid urethane foam*) and styrene foam used in lid. Keeps rice warm for up to 6 hours preserving just-cooked freshness.

Absorbent Dew Collector. Excess moisture is absorbed in dew collector installed on the inner surface of lid, preventing the rice inside from becoming sticky.
